

# PLAYER PATHWAY PROGRAM

The Philadelphia Union Youth Player Pathway Program (PPP) provides supplemental development training (club neutral) by creating a player-centered learning environment for advanced level boys and girls ages U10—U14. The Union Youth is also part of the identification program for the Union Academy.

All training sessions are led by our U.S.S.F. A-Licensed coaching staff and are designed on furthering developing a player's technical foundation as well as core athletic elements of speed, agility and strength (with and without a soccer ball).

All PPP sessions will be held at first-class facilities across the Greater Philadelphia area on a supplemental basis.
